AIWA WARRANTY STATEMENT

This Commercial Guarantee is considered supplementary and not a substitute for any other right of the end customer (hereinafter, the "Customer") of an AIWA brand product (hereinafter, the "Product").

CONDITIONS OF COVERAGE OF THIS WARRANTY

1. WARRANTY PERIOD

We want to thank you for the purchase and trust placed in our AIWA product. All our products have been evaluated by the strictest quality controls. However, for any problem that may arise with the product, we have established, in accordance with the law, a five-year warranty from purchase against any manufacturing problem.

You can get more information at: www.aiwa-industries.com

In case of problems with your unit, to avoid any unnecessary inconvenience, please read the instruction manual carefully before resorting to warranty service.

Our guarantee consists of repairing the product and, if it cannot be repaired, it will be replaced with a model equal to or similar to the damaged product.

To make the guarantee effective, the item must be accompanied by its original packaging and its corresponding accessories.

EXCLUSIONS

- Any manipulation of the product carried out outside of AIWA's official services automatically voids the product warranty.
- Any component, interior or exterior accessory of the device that is not specified or included in this warranty card or is not part of the original product.
- Product installation/uninstallation costs.
- Damage caused by improper/incorrect use of the product or purposes other than those for which it was manufactured.
- When the damage is caused by fire, flood, weather agents, impact, crushing, application of inadequate voltage or energy, or incorrect installation.
- Damages due to mistreatment, including transport damages, which must be claimed in the presence of the transport company's personnel. For this reason, it is advisable to inspect the packages before creating the corresponding delivery notes.
- The use of software on the product, viruses or incorrect installation of the software.

2. PRIVACY

It is necessary for AIWA to collect, transfer and process your personal data to facilitate the requested service and for this purpose, your data may be transferred and processed in any country where AIWA or its affiliates have offices. Current legislation does not guarantee a level of data protection equivalent to the laws of member states. However, AIWA is committed to using and protecting your personal data at all times and in any country.
